- DIY Clothes Dryer Upgrade Rebates
- Church of the Month: St. Anne's Episcopal Church
- Recipe: Ham & Cheese Quiche

## COMING SOON! COLQUITT EMC SCHOLARSHIP APPLICATIONS

Colquitt EMC Scholarship Applications Available April 1 – June 15! Applicants must:

- Reside in the household of a Colquitt EMC Member
- Be enrolled in a college or technical college with campus locations/degree offerings within Colquitt EMC's service area.
- Have a minimum GPA of 2.5
- Submit a complete application with two letters of recommendation, proof of enrollment and transcript.

Undergraduate and graduate students may apply. Previous scholarship recipients are not eligible. Applications will be available at [colquittemc.com](http://colquittemc.com) April 1 and will be due by June 15.

If you have any questions regarding the Colquitt EMC Scholarship, please contact Shelby Cloud at 229-985-3620 ext. 1246.

## UNCLAIMED CAPITAL CREDITS

In compliance with O.C.G.A. Section 44-12-236 of "The Disposition of Unclaimed Property Act" of Georgia, Colquitt Electric Membership Corporation is attempting to locate former members and heirs whose capital credit checks were issued December 1, 2020 for electrical service received in 1999, but which have been returned by the U.S. Post Office as "undeliverable" or have been otherwise unclaimed.

A current list of these members, with their last known address, is available to view on Colquitt EMC's Website. Please call your local office if you are listed. The last possible date to claim these funds is June 30, 2026. All funds not claimed by this date will be donated for charitable uses, as permitted by Georgia Law (OCGA Section 44-12-236).

# Love your church?

## ***Submit your church for Colquitt EMC's Church of the Month***

To nominate your church for Church of the Month, please contact Shelby Cloud at 229-985-3620 ext. 1246 with your church's information or email [marketing@colquittemc.com](mailto:marketing@colquittemc.com). Please include service schedule, address and pastor's name. Submissions are placed in the order they are received.

## **ENERGY EFFICIENCY**

**TIP OF THE MONTH**

Mid-winter is a great time to ensure you're making the most of your home heating system. Replace or clean filters to keep your furnace or heat pump running efficiently. Listen for strange noises and check for uneven heating—these signs indicate that the system may need servicing. Ensure vents and radiators aren't blocked by furniture or rugs as proper airflow helps your system work less and saves energy. A little maintenance along the way can prevent costly repairs and keep your home cozy through winter.

HONORING OUR HISTORY.  
ENERGIZING OUR FUTURE.  
CELEBRATING ALL YEAR LONG!

## DO IT YOURSELF CLOTHES DRYER UPGRADE REBATES NOW AVAILABLE!

Homeowners and tenants can upgrade their old electric clothes dryer, through the State of Georgia's Home Electrification and Appliance Rebates (HEAR) program. Rebate amounts for the DIY pathway is tied to a household's income relative to their county's Area Median Income (AMI).

Households below 80% of their counties Area Median Income can receive up to 100% of the total project cost with an incentive limit not to exceed \$840. Households at or above 80% to 150% of their counties Area Median Income can receive up to 50% of the total project cost with an incentive limit not to exceed \$840.

To get started, potential participants should first verify their household's AMI level prior to purchasing an in-scope appliance. You can learn more about finding your household AMI at [energyrebates.georgia.gov](http://energyrebates.georgia.gov).

By upgrading to a Heat Pump Clothes Dryer, you will experience the future of laundry. Unlike traditional dryers, heat pump technology uses advanced energy recycling to dry your clothes at lower temperatures—protecting fabrics while cutting energy use by up to 50%. That means lower utility bills, and longer-lasting clothes.

No venting? No problem. Heat pump dryers are ventless, making them perfect for apartments, condos, and tight spaces. Plus, they run quietly and efficiently, so you can dry anytime without the noise or guilt.

Benefits at a glance:

- **Energy Savings:** Reduce costs and conserve energy.
- **Gentle Care:** Preserve colors and fabrics with low heat drying.
- **Eco-Friendly:** Lower emissions for a greener home.
- **Flexible Installation:** No vent required.

*Make the smart choice for your home and budget. Switch to a heat pump dryer today!*

# Recipe OF THE MONTH

## Ham & Cheese Quiche

### **INGREDIENTS**

3 eggs, beaten  
3/4 cup milk  
Salt  
Pepper  
1 cup chopped cooked ham  
1 cup shredded cheddar cheese  
1 9" unbaked pie shell

### **DIRECTIONS**

Beat eggs with milk, salt and pepper in bowl. Add ham and cheese. Pour into pie shell. Bake at 350 degrees for 45 minutes. Let stand for several minutes before serving.

## Bible Verse of the Month

You are all sons of God through faith in Christ Jesus, for all of you who were baptized into Christ have clothed yourselves with Christ. There is neither Jew nor Greek, slave nor free, male nor female, for you are all one in Christ Jesus.

~ Galatians 3:26–29
